JOHN CHEESEBURGER was born in Tokyo and lived in the U.S.in the days of early teen.

I was interested in a photograph at that time the early 20s when I lived in Hollywood/CA have begun to take the photograph of a person and the town of L.A.

I played a keyboard and a guitar as a professional musician while working on the photography that was personal after having come back to Tokyo.

They are a concert tour or studio recording of the Japanese celebrity singers.

I carried out a variety of activities afterwards in the field of music including music produce and event planning and the management.

I became independent as a photographer in early spring, 2006 and made my debut with a major music magazine.

The first big business which I got in the year was very big Rock Fes called SUMMERSONIC and LOUDPARK.

I got a chance to photograph big band such as METALLICA,DIO,SLAYER,LINKINPARK,ZEBRAHEAD,AVENGED SEVENFOLD,as an official photographer of MTV-JAPAN there.

After that,I photographed a show and the magazine cover of Japan and overseas many artists up to the present.

They are bands of world classes such as METALLICA,SlipknoT,ARCH ENEMY,and more.

And I photograph a famous artist in Japan such as LOUDNESS,VAMPS,ANNA TSUCHIYA,and more,in Japan,And they often give glory to an article and the cover of the magazine.

In photography of METALLICA which visited Japan in the summer of 2013,I am in charge of photography of musical instrument brand advertisement(Aria ProII)which he comes to try for the first time of BASSIST Robert Trujillo.

The photograph was shown in the booth of this brand in 2014 NAMM SHOW in L.A.and got a big reaction.

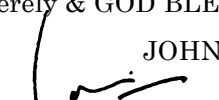

In this way,I make use of the career of the musician of my own and reach the main shaft with a music photography at the present.

I began the activity as the mass photographer in the Catholic Church after 2010.

I will take a photograph of the world Catholic Church as a Catholic in future.

I catch the strong inspire in the town of Amsterdam triggered by the participation in tour of ARCH ENEMY of 2009 in Europe and will expect photography activity in Amsterdam in the future.

Yours Sincerely & GOD BLESS YOU.

 JOHN
